Subject: RE: UCR P3 Student Design Questions

Dylan,

You should be hearing from Katie Stewart in my Air Division. One community for sure is the Navajo Nation.

Best regards,
Michael Stoker

Subject: UCR P3 Student Design Questions

Good morning,

My name is Dylan Orluck and I am a student at the University of California, Riverside working on the P3 student design regarding wood stoves. I am emailing you in regards to questions our team has involving information that could possibly assist us with our proposal. We hope to gather information on small communities or groups of people that rely on the use of wood stoves today. Our professor stated that you had previously mentioned this topic and could possibly provide us with up to date information concerning what specific communities if any, have a dependency on the use of wood stoves. We are curious to know if you could point us in the direction of this information or provide us with the contact information of someone who might be able to. Thank you for your time reading this email. I look forward to hearing from you soon.

Best regards,
Dylan Orluck
